Past weeks accomplishments

What was done, who did it, and when it was done

- ❖ Shifting focus onto OPC and DNP3 communication with myRIO
- ❖ Worked on communication between ISERink and PowerCyber Lab
- ❖ Presentation with Amarucai

Plan for current week

What to do, who, and when should it be done

- ❖ Shift focus to OPC UA communication as it appears regular OPC isn't compatible with myRIO
- ❖ Finish communication between ISERink and PowerCyber Lab
- ❖ Trip physical relays via ISERink

Pending Issues

- ❖ Dave is continuing to look for latest block diagrams for our myGrid version.
- ❖ myRIO isn't compatible with original OPC and maybe not DNP3
